

Advance-Nilfisk Parts

Advance-Nilfisk Part - Think about how long and tiresome it will actually be to clean-up right after a party, with no assistance from equipment. Previously, the dirt from carpets and upholstery had to be beat out of them by hand; cleaning cloths, brooms, and brushes were the top cleaning products during that time.

P.A. Fisker, the man who founded Nilfisk-Advance, was an electrical engineer who loved working with electrical motors. Founding the company in the year 1906, he started to make motors to drive drills, fans, machine tools and coffee grinders. Mr. Fisker's dream from the beginning was to own a global company marketing products worldwide.

The Nilfisk C1 was an incredible breakthrough for the cleaning business. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed only 17.5 kilos and could be operated by a single person. This invention came in a time where many cleaning equipment were very big and needed 4 or more operators, thus, the Nilfisk C1 transformed everything and developed the manner we clean forever. The brain behind these very first cleaning equipment remains unparalleled. Cleaning machines provide an excellent solution to an existing problem; stuff get filthy and should be cleaned regularly, without too much effort.

Slowly, the company Nilfisk-Advance grew all through the years. During the early 1980's the company expanded more rapidly when the company became a part of the NKT Group. With new owners on board, they focused on driving Nilfisk-Advance forward within the business, trying to be an active worldwide player in making professional cleaning machines. Nilfisk-Advance is presently found in all parts of the world by gradually acquiring numerous smaller businesses in order to develop their product selection and presence in new markets. They are proud to offer a range of cleaning solutions to suit each need.
