

## TCM Forklift Part

TCM Forklift Parts - Forklift trucks are a major player in the material handling field of each and every international industry. Transporting industrial goods happens each and every day on our busy world. Initially innovated as industrial vehicles in the 1930s in the United States, forklifts gained popularity after World War II in the 1940s. Becoming an efficient and reliable means to material handling solutions, the practicality and need of these machinery spread internationally.

In 1949, started by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was recognized. Currently the company is simply referred to as TCM Corporation. Through the years, TCM lift trucks have become an international leader in forklift manufacturing and have built a solid reputation with the business. TCM began building lift truck manufacturing locations outside of Japan in the 1980s and is presently engaged in lift truck manufacturer at three foreign factories in China, the United States and Europe.

With over 50 years of accumulated expertise and technology, TCM has been proudly making several models of industrial forklifts, making their models recognizable all over the world. With an energetic and strong workers, TCM has been able to continually work towards becoming a future leading material handling business.
